

# Tiwai Wildlife Sanctuary

*Visit. Learn. Explore. Connect with nature.*

Get back to nature - and back to basics - on Tiwai Island (Mende for 'Big Island'). This wildlife sanctuary and community-led tourism site sits within the heart of the Upper Guinea forest of West Africa, in south-eastern Sierra Leone.

## Accomodation

Tiwai offers rugged refurbished sleeping accomodation and the option to camp in the forest, for more adventurous travelers. Enjoy sleeping to the sounds of hornbills and monkeys calling from the canopies.

## Community visits

Visit some of the host communities that surround Tiwai Island, and experience first-hand their rich culture and traditions.

## Forest walks

Take a guided tour through the forest and glimpse some of the rarest primates in the world. If you are lucky you might even see the elusive pygmy hippopotamus.

## Boat tours

Take a boat tour across the majestic Moa River and see how many of Tiwai's primate species you can spot. Also watch birds fly overhead and river turtles surface.

## Beaches

In the dry season enjoy a cooling swim in one of Tiwai's two sandy beaches. Look out for river otter paw prints as they sometimes like to play on the sand.
